Monthly Schedules: Please note that schedules for the month are due to the supervisor at least five business days before the month starts. Example: If you are working with a client in September 2024, please submit your entire September schedule by August 23, 2024 to your supervisor. This will help to ensure supervisors are aware of when staff are working, if we are within the amount of hours authorized by the state, and allow time to offer more services to the client/family or the caregiver before the month begins. Please note that clocking in and out of Therap is mandatory for EVV compliance. If your schedule changes, please alert your supervisor immediately so Therap is up to date and has a scheduled slot for you to clock in and out of.

Shift Log: Please note that your shift logs are due weekly. They should be sent directly to your supervisor. Please also note that you are paid for the hours that are clocked in and out in Therap. It is the staff's responsibility to ensure that their clock in/outs are accurate. Staff should be checking their clock in/outs in Therap daily & weekly and requesting changes to their supervisor ASAP. If changes are not made prior to payroll, this could cause discrepenices in pay. Staff should not be relying on supervisors cross referencing their shift logs with Therap.

COVID-19 Protocols: Three statements are included on the shift log for HCA's to initial every shift. The screening questions to ask yourself and the client are listed on the SAILS Washington Home Care COVID - 19 Screening Questions form. You should also be taking your temperature prior to starting every shift, wearing your mask throughout your shift, and washing your hands prior to starting and frequently throughout the day. If you do not have a mask or your mask is worn out, SAILS Washington has a stock of masks and PPE available for all employees, free of charge.

SAILS Washington Home Care COVID – 19 Screening Questions:
